

COMPETITION

Paris, 6-11 February 2015

The ICC International Commercial Mediation Competition is the only moot devoted exclusively to international commercial mediation. The annual event organized by the International Chamber of Commerce (ICC) has become ICC's biggest educational event.

During the Competition, university students face international business disputes, which they endeavour to resolve through mediation, guided by professional mediators pursuant to the ICC Mediation Rules. Their performance is evaluated by some of the world's leading dispute resolution specialists who participate in the Competition as judges.

“ The ICC Mediation Competition continues to be the most important event of its kind in the world. Those of us who have the privilege of participating - students, coaches and professionals - return to our day jobs enriched by what we have experienced. It is a wonderful adventure in professional development, collegiality and cultural exploration. ”
